## TAHITIAN NONI™ Oil

Morinda's essential oil is an exotic blend of TAHITIAN NONI™ oil and other natural oils. The TAHITIAN NONI™ oil has been specifically created to give the body the benefits of the most concentrated form of the M. citrifolia. Applied topically TAHITIAN NONI™ oil is absorbed directly into the skin, visibly reducing the appearance of fine lines and wrinkles. Mixed with the skin supplement, the benefits of TAHITIAN NONI® juice are enhanced. Massage a small amount on to the skin.

*"Patrick's book gives an excellent picture of the use of noni in various cultures. His non-technical diagrams compare the actions of noni and prescription drugs on the metabolism of cells.*

*All of this information in addition to his philosophy presents in a readable and readily understandable form why taking noni may improve general health and aid the body to overcome certain health problems. A Must read for noni enthusiasts."*
